## Area Leaders Reflect Confidence In College

# GARDNER-WEBB LAUNCHES NEW ERA . . . TRUSTEES VOTE TO ENTER A CAPITAL FUND CAMPAIGN

### **Prayer For Challenge Brings Unusual Task for Youthful GW Student**

Bob Campbell asked "God to give him a challenge this summer—and he has done just that." The rising junior at Gardner-Webb College left school in May for student mission work in Illinois with the Home Mission Board and now, to his surprise, he has a tremendous task in urban Chicago as pastor of a church.

Bob, who was no longer a member of his home church in the Methodist Association, Midway Baptist Church, and discussed the challenge with his pastor, the Rev. W. G. Davis, both agreed that he needed to be ordained before accepting the interim pastorate of the Rogers Park Baptist Church of Chicago.

"I went before the Ordination Committee of the Association and received a unanimous vote with a resolution commanding me on the matter in which I answered my questions during the examination," stated the new Reverend Campbell.

He was ordained June 8 and now joins work in the Chicago church (7615 North Paulina St., Chicago) which is the only Baptist church in a 12 block section with a population of 8,000 persons and a total church budget of approximately 30,000 people.

His assignment to this work came from the Home Mission Board and Rev. Campbell left June 15 to begin the task. His home address is c/o Mr. and Mrs. Robert Lee Campbell, 1400 Midway Lane, Charlotte, N. C.

Gardner-Webb College's Board of Trustees and Board of Advisors in a joint session May 26 voted unanimously to enter a capital fund campaign with Marts and Lundy, Inc. of New York City as professional counsel.

Dr. E. Eugene Peaton, president of the college, stated that exact data involving the campaign will be announced in the near future. Marts and Lundy, Inc. worked with the college in a campaign of five years ago when nearly \$2.5 million was raised for physical facilities and endowment.

"Our purpose in this is to put our four year program over the top and to insure for this area an outstanding, accredited senior college by 1971," stated Dr. Peaton. Now an accredited junior college, Gardner-Webb will put in its junior year this fall and as senior year in 1970-71.

The joint action by the boards reflects confidence derived from an intensive survey of the area by Marts and Lundy. In five major areas of interest, confidence in college leadership, ability to work and live in a campaign attitude towards the campaign, an estimated degree of interest, Gardner-Webb showed large groups in favorable opinion over a similar survey in 1964.

Out of 60 key persons interviewed a high regard was expressed for the president, the trustees, alumni, administration, staff and faculty. Some of the reasons for this response were: helping local young people get a four-year degree while living at home; a source of college graduates for area businesses and industry; a selling point for industry when bringing in new employees and a rich source of culture and creativity for the area.

Accreditation as a four year college under the Southern Association of Colleges and Schools came first time in 1971 when the first class is graduated. Accreditation centers around these focal points: Purpose, Organization and Administration, Educational Program, Financial Resources, Faculty, Library, Student Personnel and Physical Plant.

In its third year program, the college will have already met accreditation standards in the critical areas of faculty and library. The faculty standards call for one-third of the faculty to have the doctorate degree in the field of study in which they are teaching and that over 80 per cent of the faculty have three years of study beyond the bachelor's degree. The library required to have at least 50,000 selected volumes. Gardner-Webb now has over 40,000 selected volumes and will meet the 50,000 volume figure by the end of 1969-70.

Financial resources requirements are that a senior college of GW's size must spend \$111,150,000 yearly on its educational programs, plus \$50,000 per student for entry standards over 1,000 credits. The college is already meeting this four year standard as a junior college.

Herbert C. Sachman of Marts and Lundy presented the firm's report on recent findings which came from a survey. The survey was made over several weeks in the area in which the college is located. J. Shyler Barr of Marts and Lundy conducted the sampling among 60 members of the college's constituency, including trustees, former trustees, associates, alumnus, administration, arts leaders and friends.

Key questions were asked: What is their attitude toward the college? Do they approve the fund-raising program? Will they give? Will they work on committees for the campaign? The estimated degree of interest

Board Chairman

### **Anonymous Excerpts From Campaign Survey**

I think the administration and faculty have developed Gardner-Webb into a good college . . . Dr. Peaton has accomplished wonders at the college. Am impressed with the faculty . . . In recent years the academic standing has improved considerably and is getting better every year . . . I would like to win a year . . . The area is in need of a four year college.

I have been talking to a lot of local people and we are going to get contributions from Methodists and Lutherans because they want a four year college in the community. I think we will be able to raise a lot of money here in Gaston County.

It just continues to be seen just how large our web will grow, but this much we know, once you're woven in, we never let you go. This is the spirit of Gardner-Webb.

## DO YOU REMEMBER?

It was 1948 and the College Literary Societies posed for a photograph. We don't know each one since the photo is not identified. Can you identify any of the members?

Literary Societies had their origin at Boling Springs High School in 1908 when two were organized for young men. The groups were named Alphas and C. B. Wilson as president and Kappa Gamma with Oscar Duncan as president.

Not to be left behind, the young ladies formed Literary Societies naming one Mosaic Room with Letta Moore as president and Maud Gold as program chairman and naming the other Kappa Gamma with Olive Morris as president.

## Wiley Is All-Tourney

Gary Michael Wiley of Charlotte, a freshman shortstop for the Gardner-Webb College Bulldogs, has been signed to the AB-National Junior College Tournament team for his play in the tournament. The national tournament was played in Grand Junction, Colo. May 26-June 2 with Gardner-Webb being eliminated in their first two encounters 13-9 by South Georgia and 7-6 by Mesa of Arizona.

During the regular season Gary was one of the team's leaders coming to bat 88 times, getting 38 hits and scoring 27 runs. In 28 batters he collected seven doubles, one triple and one homerun and had a .388 batting average.

Gary is the son of Mr. and Mrs. W. V. Wiley of 1938 Burwood Circle, Charlotte who traveled to Grand Junction to see the nationals.

**'56** As class agent for the '56 graduating class at Gardner-Webb, I, Mrs. George Davis (Mildred Penrose), find the task very rewarding. I am asking the ones I contact to put me on their Christmas card list. This way, a once a year check will keep us up to date. I will then keep any pertinent information before the college publication.

We will be coming to N. C. on vacation in August. Maybe we can make it earlier in 1971 when our class will be recognized at the May Alumni Banquet. George is in his fourth year as pastor here in Big Lake (Box 2301), Texas 76032. Glean is in the second grade, and as a two year old, Philip enjoys the company. For once, our lake has given us a gill, and this section of W. Texas got enough rain to look a little green.

**Mr. and Mrs. George Davis** (Carmelita Hart) (59) are in Charlotte (Box 1027) 28201. He works in the accounting department at the Lelandkae Woolen Mill, and she is with Eastern Airlines. They have four children and lots of room on their farm. Michael H., Mark S., Elizabeth J., and Victoria S., have lots of pets, so it sounds like everything there is fun and lively.

I wonder if John Reid ('35) ever heard from House Room?

My first year roommate was Madeline Steele, from Stoney Point. She married Ernest Byrd ('38), and they were in Florida, the last I heard. Could anyone give us some news on them?

**Mr. and Mrs. Elbert Cline** (Mary Jane McWhorter) are in Hanesville (Box 823) 28058. Elbert is a sergeant of guards at state prison. Mary Jane is a nurse at the Hanesville hospital. They have two children, Judy is 6, and Marlene 2. Thelma sent sending a picture of the sweet children.

Is Carol Deads still at Earl? At last report, he and Betty were blessed with three children. How about some more news?

**Patricia Sue Gilbert** sent an interesting Christmas card last year. She is in her tenth year as elementary school teacher. Knowing her, I am sure she is one of the best! She is now teaching a group of vigorous third graders. She lives at 4465 Leesburg Pike, Apt. 307, Falls Church, Virginia 22041.

For several years, Peggy Harmon has been in downtown manager work in Lexington Ky. She received her M.R.E. at State in September in 1960. We're thankful to God for the work and witness she has done there. Can you share something of your work with us, Peggy?

**Urban Air Field**, Thailand, is the present location of Captain Edward V. Haugseth. He is working in Aerospace Medicine. We'll be looking forward to more news from you!

The Jefferson Standard Broadcasting Co. of Charlotte is fortunate to have Lewis Bernard Johnson as their assistant business manager. He and Carol have a daughter, Lisa Karen, age 9. Mrs. Johnson is employed in the Charlotte-Mecklenburg School system. They live at 4838 Westcrest, Charlotte 28208.

**Robert B. Ledford** is presently pastoring at the North Side Baptist Church in Rockingham 27212. He and Mary have a son, Robert Jr. who is four.

Good news from Edgerton is that Pearl King and her brother T/Sgt. Randall Lee are planning to leave Florida as soon as possible, etc. They enjoy the study, though. There is no English-speaking S. Baptist church where they attend and work. They would be happy to hear from me — AFMFT 16339 Det. 4, 2101 Air Base Wing, USAFE, APO, N. Y. 09825.

**Rev. and Mrs. Bill Monroe** (Ruth Wa-

ver), are at Louisville (Box 136) 40080. They have two children, Connie and David. She penances a long letter soon. Remember Ruthie.

**Allan Prentiss** is now Head Athletic Trainer at N. C. State in Raleigh 27690. Keep up the good work!

We'll just have to bring about the fact that Paul Sorrells was one of our group in '38. Hope you'll stay with your school for many years, Paul. Congratulations!

**Mark Steens** has a good opportunity to work with and be a witness to the military at Langley AFB. He is pastor at South York Baptist Church in Hampton, Virginia 23606. He and Nancy have two children, Cheryl Leigh (3), and Jon Mark (9).

**Bob Traswitz and Otilia (Cata)** ('39) are in Shelby where he preys at Zion Baptist Church. They have four children. Keep them cards and letters coming friend.

thrilled to hear all the news and I'm happy to share it. To those of you who haven't written yet or contacted me in some way, please do. We're interested in you too!

As several of our former classmates are in the service, mothers have written news of their present whereabouts, and we appreciate the time they took to do this. To those of you who sent addresses for members of our class, thank you too.

Since our last writing, a tragic accident has taken the life of a former classmate and a dear friend to many of us, Lynne Blackstock Griswold and her husband, Bryan (Bip), also a classmate, had lived in Chesapeake Apartments, Gaffney, South Carolina, since their marriage in July, 1967, and she was employed as a social worker for the Cleveland County Welfare Department. To see Lynne was more than a college classmate and a co-worker, she was a very dear friend. So often she asked about younger friends and classmates of Gardner-Webb College—and she showed so much interest in the information I was beginning to receive from you. On November 13, 1968, an unstable neighbor took her life as she drove to work, and she left us to go to her eternal home. We miss Lynne, even though of you who were there, you may only occasionally or from time to time think of her, but memories of her bright smile and genuine friendship will remain with us always. As one of her co-workers has written, "She walked in beauty as the night—and then, behold! it was no longer dark—it was morning."

Behind Wayne is the pre-registrant line was an easy. Mrs. Bonnie (R. E.) Price. She is the widow of a former trustee of the college and is a 1943 graduate of Gardner-Webb. A resident of Rutherfordton, she is now having a home constructed in Belting Springs and will complete her final two years of college work.

She is one of three sisters of Wayne who have attended Gardner-Webb. The other two are Miss Arctic Learne Roberts of Charlotte and Shirley who graduated in 1937 and Mrs. Venus Guy Blanton (Miss Roberts) of 230 N. Post Reed in Shelby who attended GW in 1937-38.

Roberts, son of the editor of the BAPTIST COURIER, the newspaper of the South Carolina Baptists, is a 1969 graduate of Greenville High School in Greenville, S. C. and plans to attend GW for two years before transferring for a major in archaeology.

His father, John E. Roberts, graduated from Gardner-Webb in 1949 and from 1954-60 was public relations director at the college. In 1968 the college honored him as Alumnus of the Year for his work in communications.

He married the former Elizabeth Goodwin, a 1948 graduate of Gardner-Webb, and they have six children. Should all of them choose their parents' alma mater, the college can look for many years of Roberts on campus. Also at the college for many years and known by thousands of students, is Mrs. E. H. (Mont) Goodwin who is a house mother at the school. She is the maternal grandmother of Wayne Roberts.

It all began in 1908-1909 when Miss Arctic Spauld, future mother of John E. Roberts attended the school—then called Belting Springs High School.

The interest and support of the college by this family has continued throughout its 62 years of history and this same support appears to be assured for decades to come.
